FAIR PREMIUMS ARE SENT.

The premiums for the Copper Country Fair's winning exhibitors were sent out yesterday in the form of checks, totaling \$1,920. Any winning exhibitor not receiving his check within a few days should notify the secretary's office.

PASSENGER SEASON CLOSES.

Anchor Liners Will Carry Freight Instead of Passengers.

The steamer Junata of the Anchor Line passed through Portage Lake Wednesday night and this ended the passenger season out of Houghton this year. The steamers Junata, Thorpe and Octorara, which have been operating between Duluth and the lower lakes all summer and making regular stops at Houghton both ways will now be chartered for freight only.

C. O. Berglund, the Anchor Line agent at Houghton, declares that the present season has been a very satisfactory one in all ways. There has been a great deal of travel by water this year in spite of the unfavorable weather and the season has closed while not breaking any records has still been a very good one.

NATURALIZATION PETITION.

Another naturalization petition was filed yesterday, this being only the second one in two weeks. This petitioner is Pentti Hakkioinen of Franklin, a former resident of Finland who entered the country in 1905 by way of the sea. The falling off in naturalization petitions has been very marked lately this being due no doubt to the fact that any one naturalized now will be unable to vote the coming election.

MARRIAGE LICENSES ISSUED.

County Clerk Kaiser has issued marriage licenses to the following people: John T. Villers of Houghton and Clara Butler of Egan, Ill.; Slavko Kozar of Calumet and Mrs. Maria Matkovic of Calumet; Peter Southern of Franklin and Mrs. Aina Forsell of Ripley; Louis P. Deschamps of Chaswell and Olivia Ford of Chaswell.

VERDICT FOR THE OSCEOLA.

The jury in the case of Alex H. Anderson versus the Osceola Consolidated Mining company returned a verdict of not guilty last evening pending in a sealed verdict after a short deliberation.

FOUR NEW HORSES ARRIVE.

The four new horses for the Houghton fire department which Capt. Gilson purchased on a recent trip to Chicago arrived this morning in good condition after their long trip. All four are gray and are magnificent specimens of horse flesh.

TO RETIRE FROM BUSINESS.

Announcement was made this morning that Herman Pimmon, proprietor of the One Price Store in Houghton had decided to give a five business week and devote his time to his private business. Mr. Pimmon has been in

active business for a great many years and his retirement, due to ill health and hastened by the arduous of his physician, comes as a surprise to many.

The premiums for the Copper Country Fair's winning exhibitors were sent out yesterday in the form of checks, totaling \$1,920. Any winning exhibitor not receiving his check within a few days should notify the secretary's office.

TO CHOOSE BIG CAST FOR PLAY

Rehearsal for Dr. Mulvey's "Heroes of '98"

There will be a big rehearsal tomorrow morning in the school hall of those from whom the cast will be chosen for the presentation in Calumet during the latter part of November of Dr. John Mulvey's play, "The Heroes of '98." If satisfactory arrangements can be made, the attraction will be produced in the Calumet theatre on Nov. 26, for the benefit of Division No. 2, A. O. H. The proceeds will be placed in the entertainment fund for the biennial state convention of the Hi-Bernians to be held here 1914, this being the first effort to raise money.

The presentation of this play will require a large cast, but considerable success has marked the efforts so far, and no difficulty is anticipated in securing a cast which will be able to present the attraction in a very able manner. Rehearsals will be under the personal direction of Dr. Mulvey, an experienced amateur producer, and at one time president of the Brooklyn, N. Y. Dramatic club. Dr. Mulvey is the author of the play, and understands fully the requirements of each part. The rehearsals probably will be conducted in connection with the rehearsals for "The Tender Attachment."

SPECIAL PRIZES FOR SHOW.

Cups to be Hung Up as Premiums for Next Poultry Show.

When the second annual show of the Upper Peninsula Poultry association is held in January, it is probable there will be almost twice as many classes for individual competition as there were last year. From present indications there will be a number of special cup trophies hung up as prizes for this exhibit by the merchants of Calumet and Laurium, in fact President W. J. Reynolds, and Secretary Charles S. Jones have already received assurance to that effect. It is thought these cups will help to arouse interest among exhibitors.

From the number of inquiries there is little doubt that the exhibits will be much more numerous this winter than they were last. The success of the first annual show was so marked that exhibitors from outside the district were interested and some keen competition is promised for this year. The quality of the copper country stock has also improved during the year, a fact that is attested to by almost all of the poultry fanciers of this district, and this should likewise contribute to the show's success.

The High Cost of Living

And the noticeable upward trend in prices point out distinctly that the buying power of the American dollar is, generally speaking, considerably less now than it was a few years ago.
